CSE 232

Systems Programming

Assignment 6

Purpose of This Lab: Purpose of this assignment is to teach you about shell scripts. Write a shell script which performs the following tasks:

- Your script should check whether the two files "names" and "salaries" exist. If either one of them does not exist, your script should abort with an appropriate error message.
- Your script should add the sizes of these two files. You can use **wc** command with appropriate parameters in order to obtain a file's size.
- If the total size of these two files are greater than 100, your script should delete the file with a bigger size.
